WORK EXPERIENCE

**University of Wisconsin-Whitewater Learning Technology Center,
Lab Technician, Whitewater, WI**

12/2006 – 12/2009

- Converted DVD, DV tape and VHS to various formats such as streaming media, mp3 and DVD
- Filmed lectures to be built as eTeach modules, where the lecture is matched to a PowerPoint presentation based on time codes
- Developed Blogs and Wikis in WordPress and MediaWiki
- Edited photos and video in Adobe Photoshop, Premiere and Sony Vegas
- Generated how-to documentation for a multitude of university users in the form of downloadable PDFs and HTML pages

Pentair Water, Marketing Graphic Design Intern, Brookfield, WI
5/2009 – 8/2009

- Designed posters to display products manufactured on each production line for plant tours
- Designed template for Pentair Residential Filtration collaborative catalog
- Completed general updates and changes on any Pentair Water brand's literature or packaging
- Photograph products and implemented photos into existing and new literature
- Updated and created new Web site content and images
- Collected market research on water filtration and conditioning competitors in retail stores

**University of Wisconsin-Whitewater Royal Purple News, Assistant
Photography Editor, Whitewater, WI**

3/2009 – 5/2009

- Organized meetings and delegated photo assignments to photographers on a weekly basis
- Color corrected and cropped photos for print and Web utilizing Adobe Photoshop
- Shot events, sports and still objects for weekly, deadline-driven projects
- Effectively communicated to photographers the needs and wants of section editors' photos

LaBelle Studio, Photography Assistant, Whitewater, WI
6/2008 – 9/2008

- Color corrected, sharpened and adjusted levels in Adobe Camera Raw
- Removed blemishes, wrinkles, glare in glasses and whitened teeth and eyes in photos utilizing Adobe Photoshop
- Compiled and swapped photographic elements from one portrait to another at customers' request
